STAT 2. [redacted]

- In the course of consideration the proposals of establishing an NPIC "Customers Course" it came to my attention that you had made a suggestion in Dec 69 along similar lines.

- I reviewed your suggestion duly while it differs in some respects from what we have in mind, I have found it to be useful and wish to thank you for your concern and effort. This kind of suggestion is most welcome. While it may not qualify for a direct monetary award under the "Suggestion Awards Program" the fact that you were concerned enough to make such a suggestion will be remembered.
